31 · Yap

Manta Ray Bay Resort & Yap Divers

Manta Ray Bay Resort and its dive centre, Yap Divers have a fabulous scuba diving pedigree; one could argue they're responsible for making Yap the international diving destination it is today.

Bill Acker opened Yap Divers in 1986, and with few exceptions discovered and named each of the dive sites you will visit. With over 9,000 dives in these waters, you can be sure you're in good hands with Bill and his family. They built the resort with divers in mind, and are hands on every day to ensure that your needs are met.

*"We combined our Palau visit with Yap,
and loved every minute of it – the diving
and the dive masters were amazing, and
everyone at the resort was super friendly
and treated us like family. The food was
fabulous and very reasonably priced.*

*We had close encounters with mantas,
beautiful nudis, friendly sharks, and when
we were done diving, the cultural tour with
Lee was extremely informative and fun.*

*A wonderful experience I would highly
recommend as an extension before
or after any Palau trip."*
